

LIGHT WITH A TWIST

MADE IN TETTANG

TWIST AND GO

LOVE TO SHINE

With the Ala lighting strip system, LTS has taken another leap in terms of savings. Ala is a straightforward system for retail and industrial applications. Thanks to the flexible adaptation of the equipment racks via a cabinet lock on the mounting rails, Ala can be fitted in any position and offers optimal illumination with excellent efficiency of far more than 140 lm/W. The simple and easy installation underlines the “twist-and-go” approach.

GENERAL AND TECHNICAL DETAILS

POWER

28.4 W, 72.6 W

CCT

4000 K

LUMINOUS FLUX

5250 lm, 11700 lm

COLOUR RENDERING

CRI 80

ACCESSOIRES

- Mounting rail made of sheet steel (RAL 9016)
- Plastic dummy cover 1530 mm, white (RAL 9016)
- Connecting element 1530 mm
- Feeder with earthing kit
- Longitudinal connector
- Suspension kit
- End caps for mounting rails and equipment rack

MOUNTING TYPE

Pendant and surface mounting
